

Almadale Farms & Flock Safety

Almadale Farms has partnered with Flock Safety, a national neighborhood security provider, to install outdoor cameras at our neighborhood entrances that track cars and read license plates. License plates are the #1 piece of evidence police request in the case of criminal activity, like home and car break-ins.

The Board of Directors adopts the following policy for the handling of footage captured by the cameras:

- Footage from Flock Safety cameras will not be actively monitored by the Board of Directors.
- The Board of Directors will only allow Collierville Police Department to view the footage from the Flock Safety cameras if there is a complaint of potential illegal activity in the neighborhood.
- Footage from Flock Safety cameras will be stored in the cloud (Amazon Web Services) for a rolling period of 30 days.
- Access to footage will be granted to law enforcement if residents submit a written request to the Board that includes the following information:
 - Police report number
 - Timeframe of incident
 - Description of incident
- Residents are encouraged to add their information to the **SafeList** so that any footage of their vehicle will be marked as “Resident.”

Notice:

- The existence of Flock Safety cameras should NOT be relied upon by any individual for safety or security. Individuals are encouraged to take additional precautions to ensure the safety of their property.
- Almadale Farms and Flock Safety are NOT law enforcement agencies and are not in a position to undertake law enforcement activities. Any illegal activity should be reported to law enforcement immediately for investigation.

Almadale Farms SafeList

In addition to providing the cameras, Flock Safety offers a feature called **SafeList** that allows residents to register their vehicles with the service.

Why register on the SafeList?

- In the event of a crime, footage can be accessed and shared with the police. If a neighbor’s license plate is on the SafeList, any footage of their vehicle will be marked as “resident”.
- Registration is fast and easy. Go to almadalefarms.org and click on **Flock Safelist** in the top menu. Provide your email, home address, and license plates, and you are all set.
